

## All-time Impact

2.2 M

Sandwiches  
distributed

25,000+

Volunteers  
Engaged

19,000+

Collections  
Completed

The Sandwich Project has grown from 317 sandwiches in 2020 to more than 2.2 million delivered across Metro Atlanta. Even with rising food costs and increased need, our volunteers show up every week, providing stability and nourishment for families, children, the unhoused, and neighbors facing food insecurity.

*"these sandwiches have helped our clients and all walks to life not only those that we serve in our actual center, but homeless families and individuals that walk in that may be living in their cars or other places in the community that come in just for prepared meals and food the sandwiches have been a great help"*

— Frontline Response

### 2025 Progress

450,000+ Sandwiches

(Groups + weekly collection)

350+ groups made 180,950 sandwiches\*

On track for 250,000 meals this year

\*Numbers through November 15, 2025

### UGA Expansion

A group of former interns brought The Sandwich Project to Athens by launching a new University of Georgia chapter. Now, UGA students are hosting sandwich-making events, supporting peers facing food insecurity, and expanding TSP's reach into Athens-Clarke County.

*"We try to have hot meals available for our unhoused neighbors, but do run out at times. Being able to provide sandwiches is so helpful. Also particularly helpful for families with kids to be able to provide a sandwich for each child as they wait for their parents to receive food."— Toco Hills Community Alliance*

### Partnership with Solidarity Sandy Springs and Giving Grace

We partnered with Solidarity Sandy Springs and Giving Grace to support homebound families. Solidarity packed grocery boxes, families with limited mobility and children, and TSP added fresh sandwiches and handled delivery. Together, we ensured homebound households received nutritious food and consistent community care."

**Join us as we strive to meet the growing needs in 2026**
